

PURIST ANNIVERSARY BALANCED CABLE

(diagram not to scale)

Specifications

Type: BALANCED CABLE	
Design goals	Symmetrical cable of extremely low resistance, high noise immunity
Conductor	Stranded, multi-gauge alloy
Metals	Copper, silver, gold
Shielding	Polyester wrap, braided silver-plated copper with 90% coverage, CONTEGO
Dielectric	Teflon®, polyvinyl chloride
Gauge	18 AWG
Capacitance	163 pF/m ±15% (pin-to-pin)
Resistance	9.0 mΩ/m (conductor)
Break-in time (hours)	200
Cable diameter (nominal)	1 1/4" OD (one channel)
Material treatment	3x Cryomag®
